PREFACE.

IT has been the great ſurpriſe of all friends to literature, and the juſt complaint of every intelligent inſtructor of youth, that, notwithſtanding the acknowledged defectiveneſs of the dictionary commonly uſed in ſchools, no attempt has been made ſince the year 1677, *when* ELISHA COLES's *firſt appeared, to conſtruct one upon a more regular plan, and at an eaſy price, for the benefit of the young ſtudent in the* Latin *tongue. Such a work has been rendered capable of every neceſſary improvement, by the many accurate and copious Latin dictionaries, that have been publiſhed ſince that time, for the ſervice of the literati; which have fixed the ſtandard of the* Roman *tongue, and retrieved its original purity; as the correct edition of* Robert Stephens's Theſaurus, *publiſhed by ſome learned and ingenious gentlemen of* Cambridge, *whoſe abilities are too well known to make any* Eulogium *neceſſary; and the complete edition of* Ainſworth's Dictionary.

From theſe excellent materials it has, at length, been thought quite neceſſary to compile a new portable Engliſh-Latin Dictionary, *which ſhould free the ſchoolmaſter from the difficulties he laboured under, and contribute to the ſcholar's acquiring the* Latin *tongue with greater facility and expedition; for it is hardly to be conceived, by any but thoſe truly uſeful members of ſociety, who by their unwearied labours, in ſuperintending the education of youth, merit much from their country, what pain and mortification the tutor muſt undergo, who is obliged to be a perpetual comment upon the books his pupils make uſe of; the fatigue of cautioning them againſt error and barbariſm, being more than equal to the taſk of their whole inſtruction. To produce a reformation of theſe evils, much time and attention have been employed in this work, and it is not doubted, but, upon examination, it will be found ſuch as will recommend itſelf to all thoſe gentlemen who are employed, or concerned, in teaching the* Latin *tongue to the* Britiſh *youth, and that it will alſo be found a neceſſary manual for thoſe more advanced and perfected in their ſtudies. The great complaints againſt the former dictionary of this ſize were, that great numbers of the* Engliſh *words and phraſes were grown quite obſo-*

lete,

lete, many of them interpreted in a wrong ſenſe, and very injudiciouſly tranſlated into Latin; *and that the* Latin-Engliſh *part was defective, both with regard to the ſeveral ſenſes of the* Latin *words, and the citation of the* Roman *writers, proper to fix their authority. In the preſent work all theſe errors have been avoided, obſolete words and phraſes have given place to thoſe of modern ſtandard, which are elucidated by a judicious interpretation, and the* Latin *words are ſuch as are warranted by truly claſſical writers, from whoſe works this* Dictionary *has been chiefly improved, and the additions in both parts are ſo numerous as to conſtitute it almoſt an entire new production.*

An Explication of the MARKS uſed in this WORK.

In the firſt, or *Engliſh* and *Latin* part:

THE Declenſions of Nouns Subſtantive are denoted only by the figures 1, 2, 3, 4, 5, except in ſuch as may occaſion any difficulty to young ſcholars as to the Gender, or Genitive caſe ſingular; in which words both the Gender and Genitive caſe are ſet down.

The Conjugations of Verbs are denoted in the ſame manner.

In the ſecond and third parts:

The different *Engliſh* ſignifications of the *Latin* words are denoted by figures, as well as the *Latin* authorities.
